Considering the current recession, the Tamworth Breed seems to be holding it's own very well.

The Ranger and Dreamboy male lines are still only in single figures, so could be increased. It's a pity there are so many registered sows who have not had a birth notified litter, considering the high demand for Tamworths at the moment. So if you have a good sow, why not birth notify her litters, so that her genes can be passed on to future generations.

Thank you to all the breeders who responded to the survey
